DRUM MAJOR OF "THE KILTIES."
The drum major of the famous 48th
Highlanders' Band, Donald McCormack,
is almost as celebrated throughout Canada as is Bandmaster Slatter himself. Richard Butler is working at L. & N. Mr. McCormack, who was born near Toronto, Canada, comes of the McCormacks, in the Island of Mull, Scotland, a well known Aighland family, is the Sherburn, in January.

With his great busby towering two feet above his head and wearing his handsome kilted regimentals, he makes a most striking figure as he walks ahead of the bandsmen. Bandmaster Slatter is over 6 feet himself and is a splendidly built athletic man and his bandsmen are fine men physically, but they all look small indeed, beside the tall Scottish-Canadian who carries the huge baton at the head of the regiment. First to tell his tale was the cor poral of the second relief. He had posted his men between 8:30 and 8:45, Private Benton on No. 6 at the corner of the Calle Real and Parde Faura. That post had been chosen for him as being not very far away from that of the guard, as the young "feller" had not entirely recovered his strength, and the officer of the day had expressed some regret at his having so soon attempted to resume duty, but Benton had laughingly said that he was "all right" and he didn't mean to have other men doing sentry go for him.

"Soon after nine," said the eorporal, "I went round warning all as directed by the officer of the guard. The officer of the guard himself went round about that time personally cautioning the sentries. There was a good deal of fun and excitement just then down the street. Fearing that he had met with some aeeident, messengers were dispatched to the telegraph office. A reply was received that the president had left for the conference hours before.

At the insane asylum, closely watched by attendants, the college president was eating his noonday meal, giving expression to his anger between bites. The attendants moved anxiously when he became excited, ready to restrain him by force. From expressions of anger the unwilling guest turned to pleadings and entreaties, as he sought to explain the great injustice which he was being foreed to suffer, but to no avail.

Just as the committee detailed to locate the missing chairman returned to the conference with no tidings of his whereabouts, a small boy made his way to the bishop's chair and

You Do, or You Don't The beautiful line of silver novelties Need Glasses

The eye being a rather delicate organ, great care should be exercised in the selection of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combatted Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

Our Dr C. H. BOWEN having just returned from taking a special course in Optics from one of the best specialists in New York, is prepared to do the best of work, having the latest improved methods of fitting. Examinations free. Next visit Thursday, Dec. 28, 1901.

ARE STILL FIGHTING.

A Colombian Force Had an Engagement With Liberals.

Government Troops Succeeded in Carrying the Entrenchments and Driving the Enemy Out of the Town.

Colon, Colombia, Dec. 17.—(Via Galveston, Tex.)-A schooner which has just arrived here from a town on the Caribbean coast called Nombro de Dies, brings the news that the Colombian government troops to the number of 70, who left Colon a fortnight ago for Viento Frieto, had an engagement with the liberal forces at Nombro de Dies last Friday. The liberals numbered 250 men, chiefly recruits from along the coast. They were badly armed, the majority carrying nothing but machetes. They were fairly well entrenched, however. A bloody engagement ensued in which the casualties on both sides amounted to 18 men killed and 40 wounded.

The government troops succeeded in carrying the entrenchments and driving the liberals out of the town back onto the hills behind it.

During the engagement the women and children of Nombro de Dies, together with the United States vice consul at Colon, Mr. Hyatt, and other foreigners, sought refuge on a small island facing the scene of the engagement. The government troops are now on their way back to Colon.

The gunboat Gen. Pinzon, with 100 troops on board, left here Monday morning for Cocle, where the liberal forces are fairly numerous. She will fairly rid this part of the coast of liberal bands and will also be on the lookout to intercept Gens. Porras and Lorenzo should they attempt to reach any Atlantic port from which it is believed they would probably sail to Costa Rica in quest of reinforcements, ammuntion, etc.

THE DANISH WEST INDIES.

They Will Soon Be Ceded to the United States Government.

Washington, Dec. 17.—As a result of the negotiations that have been in progress between Secretary Hay and Mr. Brun, the Danish minister, the last obstacles of substance to the preparation of the treaty of cession whereby the United States will become possessed of the Danish West Indies, have been removed. It is said that the points of difference have been adjusted in a manner to ensure the acceptance of the treaty by the United States senate, and it is even possible that the convention may be laid before that body before the holiday recess. The decision of the supreme court in the insular cases has made easier the preparation of the treaty on satisfactory lines, it is said.

THE MISS STONE ABDUCTION.

Efforts Are Still Being Made to Secure the Lady's Release.

Washington, Dec. 17.—Late advices received at the state department from its agents in Turkey show that they have not remitted their efforts to secure the release of Miss Stone and are again seeking to open up communication with the brigands, with probability of success. It is believed that the kidnapers at last have began to realize that the sum of \$66,000 now in the hands of Mr. Dickinson, represents all the money that can be secured as ran-

MRS. M'KINLEY'S CONDITION.

Relatives Have But Little Hope of Her Living Much Longer.

Chicago, Dec. 17.—Relatives of Mrs. McKinley have little hope of her living long, according to a statement made by Lieut. James McKinley, U. S. A., a nephew of the late president. Lieut. McKinley passed through Chicago in company with Gen. S. B. M. Young, the successor of Gen. Shafter, in command at the Presidio. Continuing the lieutenant said: "My aunt in Canton remains in about the same condition that she was immediately after the funeral of the president. There has been no improvement and there seems no hope of any."

Fire in a Female Institution.

Richmond, Va., Dec. 17.-The annex to the Lewisburg, W. Va., female institute, one of the largest Presbyterian schools in that state, was destroyed by fire Monday night. No one was hurt. The institution has over 100 boarding pupils. The pecuniary loss is not stated.

Sailed For Manila.

San Francisco, Dec. 17.—The transport Hancock sailed Monday for Manila. On board are 21 officers and 653 men of the 15th cavalry, seven officers, 360 recruits, three officers returning to duty, 19 lady passengers and six children, together with hospital corps and signal corps men.

Temporarily Given Up. New York, Dec. 17.—Park Benjamin, president of the naval arch commission, which has charge of the proposed naval arch and water gate at the battery in this city, announced Monday that the project has been temporarily given up.

ARGENTINE-CHILIAN TROUBLE.

Both Countries Making Preparations For An Armed Struggle.

Buenos Ayres, Dec. 18.—(Via Galveston.)-The status of the Argentine-Chilian question has not changed Official circles hold to the belief that a satisfactory solution of the questions in dispute will not be long in presenting itself. The local news agency says it considers the negotiations already have passed their most delicate stage. It has been shown that the cause for war does not exist, though there may in some quarters exist a desire to provoke war.

Both countries, however, are actively preparing for an armed struggle They are at the present moment in the state which immediately precedes war, and which is having a disastrous effect on the national finances.

A decree just issued invites officers of the national guard to join the army rerves which have been mobilized. The work of arming the Argentine transports for war service has be-

Dispatches received here from Santiago say a prominent official there has declared to his friends that the basis for a pacific and honorable arrangebe arrived at shortly, leaving the details to be settled later.

The Chilian answer to Argentina's been received. Hope that the matter will be amicably arranged still prevails here. Senor Concha Subercaseaux, the Chilian minister to Argentina, is doing his utmost to this end. According to the Tiempo no arrangement of the existing difficulties is possible, if Chili refuses to accept the modifications suggested by Argentina to the two important paragraphs in

the original Chilian note. The railroads of the country have placed 95,000 tons of coal at the disposal of the government. They have also offered to provide transportation facilities for 40,000 men as soon as the former are desired.

COLOMBIA AND VENEZUELA.

Active Hostilities Are About to Begin Between the Two Countries.

Washington, Dec. 18.—Semi-official advices received here indicate that active hostilities are about to begin between Colombia and Venezuela. The delay in proceeding to extremes has been largely caused by the lack of a suitable stock of arms and ammunition by the Colombian government. This is about to be remedied. The news that comes is to the effect that the British steamer Ban Righ, which recently excited suspicion by loading a large cargo of arms in European waters, supposedly intended for the Boers | International Association of Machinin South Africa, really was chartered by the Colombian government. She is now very near Colon and the advice is to the effect that when her cargo is distributed among the Colombian troops | ter Brotherhood of Railway Conducthostilities will begin between Colom- ors; Henry White, secretary Garment bia and Venezuela.

THE MINORITY REPORT.

Rr. Adm. Sampson's Attorneys Drawing Up a Protest Against It.

New York, Dec. 18.—Stayton and Campbell, attorneys for Rr. Adm. Sampson, are engaged in drawing up a formal protest against the minority finding of Adm. Dewey in the Schley court of inquiry. Mr. Campbell said Tuesday:

"We are preparing a brief and have until Thursday afternoon to file it. It is based upon the record of the court. Three times, in behalf of Adm. Sampson, there was a tender of evidence to show who was in command at the battle of Santiago. The court ruled that such testimony was inadmissable and the question was not gone into. As a matter of fact Rr. Adm. Sampson's flag was never down at Santiago, and he was in command of the squadron The question of command at Santiago already has been passed upon by the court of claims, which awarded that

New York, Dec. 19.—The general committee which was chosen by the conference called to consider plans for healing the differences between the capitalistic and labor interests of the country organized Wednesday, elected officers and issued a general statement of its mission. Senator Marcus A. Hanna was chosen its chairman, with Samuel Gompers first vice chairman. It retains its connection with the National Civic Federation and becomes the industrial department of that organization. The statement which was issued expressed a determination to strive for industrial peace, to aid in establishing rightful relations between those who toil and their employers, to confer and advise with employers and employed when in conflict, to encourage agreements under which labor shall be performed and to arbitrate disputes when both sides to dispute shall ask for such mediation. A determination to avoid discussion of abstract industrial problems was

CURED BY ST. JACOBS OIL.

Unable to Stand For Months Because of Sprained Ankles. (From the Cardiff Times.)

Among the thousands of voluntary endorsements of the great value of St. Jacobs Oil for sprains, stiffness, and soreness, is that of Mrs. G. Thomas, 4 Alexandra Road, Gelli, Ysbrod, near Pontypridd, South Wales, who says:—
"It is with great pleasure that I add my willing testimony to the invaluable excelwilling testimony to the invaluable excel-lence of your celebrated St. Jacobs Oil, as experienced in my own case. I sprained both my ankles in walking down some steps so severely that I was unable to stand for several months. The pain I suffered was most severe, and nothing that I used helped me until I applied St. Jacobs Oil, when they immediately became better day, and in a short time I was able to go about, and soon after I was quite cured. I am now determined to advise all persons suffering from pains to use this wonderful remedy, which did so much for me."

which did so much for me."

Mrs. Thomas does not enlighten us as to what treatment she pursued during the months she was unable to stand, and during which time she was suffering so much, but we venture to suggest that had she called in any well known medical man he would have at once have prescribed St. Jacobs Oil, for it has conquered pain upwards of fifty years, and doctors know there is nothing so good. The proprietors of St. Jacobs Oil have been awarded twelve gold medals by different international exhibi-tions as the premium pain-killing remedy of the world. The committees who made the awards were in each instance composed largely of the most eminent medical men obtainable. Mrs. Thomas evidently did not know the high opinion in which St. Jacobs Oil is held by almost every progressive

"This is a fine country for a poor man, as he can go out on the hav slews and cut all the hay he needs. He turns his cattle out on the prairie, and when he is not using his horses, he turns them out also. There is such an abundance of food, they never wander away.

"A' lady, who has lived here eight

years, told me that this was the original 'Garden of Eden.' I certainly would believe it, if we could only find the apple trees. But as it is, we have many varieties of fruitstrawberries, cranberries, saskatoons, huckleberries, red and black currants, dewberries, plums, red and black cherries, and red raspberries. All of these fruits grow wild. Then the flowers that dot the prairies, making them look like a real garden. We have eaten of the wild red currants, and they are equal if not superior to those grown in Michigan. We have sweet corn 71/2 inches high. As the western farmers are all done seeding, branding cattle and sheep shearing are now progressing. Wool is only five cents a pound, and many ranchers have on hand last year's clip. I inclose you a potato blossom, slice of new potato, which measured 61/2 inches when cut. This is no fairy tale, if we are so much farther than Reed City. It is all facts. Come up and see. This has been truly called the 'Garden of the West.' With fruits and flowers, lakes and streams, fish and fowl, beautiful rivers, tracts of timber and mountains, what more does a man want?"

THE SCHLEY MATTER.

Bills Introduced in the House in Regard to the Case.

The Secretary of the Navy to Be Di rected to Present Rr. Adm. Schley With a Sword of Honor.

Washington, Dec. 18.-Representative Griffith (Ind.) introduced a resolution for an investigation of the department and of the Schley ease. The preamble expresses confidence in Adm. Schley, recites the allegation of the Maclay history and refers to reports that Capt. Crowninshield and other naval officers were furnished proofs of this history. The large amounts of prize money received by Adm. Sampson and Capt. Chadwick, and the small amounts received by Adm. Schley and the captains of the ships participating in the Santiago, Cuba, battle are set forth as among the subjects to be investigated.

Representative Gaines (Tenn.) introduced a resolution reciting the "unparalleled achievement of Adm. Schley in destroying the entire Spanish squadron with consummate skill and terrible celerity." The resolution makes the opinion of Adm. Dewey the opinion of congress

Representative Ball (Tex.) introduced a resolution giving the thanks of congress to Adm. Schley.

Representative Cummins (N. Y.) introduced a resolution directing the secretary of the navy to present a sword of honor to Adm. Schley and to strike off bronze "Schley medals" for the officers and men who participated in the battle of Santiago. An appropriation of \$10,000 is made.

Mr. Butler (Mo.) introduced a reso lution providing that the views of Adm. Dewey be accepted as the verdict of congress.

Representative Wheeler (Ky.), a member of the house committee on naval affairs, introduced a resolution for an investigation of the Schley The resolution recites the re sults of the recent court of inquiry and adds: Whereas, Adm. FORMAL PROTEST.

Adm. Schley Filed Bill of Exceptions to the Majority Findings.

Washington, Dec. 19.-Late Wednes day afternoon Adm. Schley, through his counsel, filed with the secretary of the navy his bill of exceptions to the majority findings of the court of inquiry and also a letter asking to be al lowed to be heard in connection with the objections to be filed by attorneys for Adm. Sampson to the individual opinion of Adm. Dewey. This action was taken after Mr. Rayner, Mr. Teague and Capt. Parker, of counsel, had held a consultation throughout the day with their client.

Secretary Long almost immediately after the receipt of the communications called Judge Advocate Lemly and the solicitor for the department Mr. Hanna, into conference. At its conclusion the secretary said he had no statement to make regarding any action that he might take in the prem ises. He, however, indicated to Mr Teague, through the judge advocate, that he would not hear an oral argument by Mr. Rayner regarding Adm. Sampson's protest, but that he would receive a written statement.

It was expected that counsel for Adm. Sampson would file their objections to the findings of Adm. Dewey to the case Wednesday, but it is now stated that such objections may not be offered before Friday.

Adm. Schley's objections to the findings of the majority is on 31 points and the document is quite lengthy.

He objects to the approval of the findings of the court upon the ground that the opinion rendered is in conflict with the overwhelming weight of evidence; and that the majority of the court in their said opinion have ignored the testimony of the applicant and of the whole of the applicant's witnesses and all that portion of the evidence given by witnesses for the government, which was favorable to applicant, and have thus deprived him of rights guaranteed to him by the laws of the land and the constitution of the United States.

TOOK THEIR LIVES

Two Young Men and Two Young Workmen Can Band Together For the Women Committed Suicide.

Columbus, O., Dec. 18.—Two young women and two young men were found dead Tuesday night in rooms at a boarding house, 52 East Russell street, and evidence points to a quadruple suicide, deliberately planned. The dead are: Pearl Warner-aged 28, second cook at the Manhattan resturant; Lou Kline, aged 18, third cook at the same restaurant; Sherman Lothouse, a cab driver, and John Jacobs, chief cook at the Manhattan.

The two couples went to the boarding house Sunday and secured adjoining rooms, claiming they were married. Tuesday nothing was seen of them and the doors remained locked and no response could be secured to repeated calls, but suspicion was not aroused until night. Finally the doors to the rooms were forced and the occupants were discovered lying on the beds dead. The keyholes and cracks around the doors had been closed with rags and the fumes of chloroform filled the rooms, disclosing the cause of death. It was evident both couples had planned suicide, but the motive is not known.

All the persons had been dead sereral hours, but it was apparent tha! Miss Warner had been the last to suc eumb. Several empty whisky flasks in the rooms indicated that the quartet had spent Monday night in a debauch. The two women formerly lived in Chillicothe. Investigation fails to reveal that any of the four persons had had any trouble or that suicide had been contemplated. The Warner girl had been reprimanded by her employer because she had permitted her wages to be garnisheed because of her failure to pay for a cloak, and he thinks she may possibly have brooded over this and become so affected by it during her drunken debauch that she chloroformed her companions and then ended her own life. The coroner does not regard this theory as tenable.

PEACE PREVAILS.

Except in Five Provinces There Are No Disorders in Philippines.

Washington, Dec. 19.—Provision for a permanent clvil government and for much important legislation regarding the industrial development of the Philippines is embodied in the annual report of the Philippines commission.

It is declared that the federal party spread like wildfire throughout the archipelago and that there are few towns in any of the provinces which have not their federal committees. The members of the party were most active and effective in inducing insurgent leaders to surrender. It is deelared by the commission that: "Outside of the five provinces named

(Batangas, Cebu, Bohol, Samar and Mindoro), there is peace in the remainder of the archipelago. All insurrectos have surrendered, and in most of the provinces, except among the lake Moros, it is entirely safe during the day for travelers unattended to go from one town to another. In other provinces recent war conditions and suffering and hardship from cattle pest and locusts have developed ladronism. The people are friendly to the civil government and manifest no desire whatever for a continuance of the war, but only a desire for peace and protec-

commission is proceeding is that the only possible method of instructing the Filipino people in methods of free institutions and self-government is to make a government partly of American and partly of Filipinos, with ultimate control in American hands for some time to come.

It is proposed by practical lessons to eliminate from the minds of the more intelligent part of the community those ideas of absolutism in government which now control and to impress upon them the division of powers prevailing under the American system. For the purpose of carrying out these views the commission outlines a project which, in brief, contemplates the continuance for two years of the existing powers of the commission. Then a representative government is to be formed composed of a civil governor, a legislative council and a popular assembly, the powers of the latter being closely limited so as to prevent it from choking the government in making the budget in fits of passion or through inexperience. The president of the United States would, of course, reserve absolute veto power. The Filipinos should also have the right to be represented before congress and the executive government at Washington by two delegates.

ITCH IS TORTURE.

Eczema is caused by an acid humor in the blood coming in contact with the kin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are lmost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes nor other exter-

nal applications do any real good, for as

long as the poison remains in the blood

It will keep the skin irritated. BAD FORM OF TETTER.
